WBFSH General Assembly 2018 – Topic 7. Election of Board members (Retiring and eligible for re-election for a 3-year period; Thomas Nissen and Chris Could)

Dear Ladies and Gentlemen,

Since 2006 Dr. Thomas Nissen is WBFSH Vice-President and representative for all German WBFSH Member Studbooks. First he was Vice-President for the Department Cooperation and since 2015 he is Vice-President for the Department External Cooperation.

In 2020 Thomas Nissen will retire as Breed Manager and CEO in the Verband der Züchter des Holsteiner Pferdes (HOLST). Therefore Thomas informed the WBFSH Board and the Executive Committee in March 2018 in Hamburg that he will step back at the end of the board term and that Germany will come up with a new candidate for the WBFSH Vice-President External Cooperation.

The Board of Directors Breeding of the German Equestrian Federation (FN) has decided on 8th October 2018 to propose Dr. Norbert Camp, President of the Verband der Züchter und Freunde des Pferdes Trakehner Abstammung (TRAK), as successor of Dr. Thomas Nissen. The FN-Board of Directors is composed of Presidents or Vice-Presidents of the following WBFSH Member Studbooks:
- Hannoveraner Verband [HANN] (President Hans-Henning von der Decken)
- Pferdezuchtverband Rheinland-Pfalz-Saar [DSP] (President Karl-Heinz Bange at the same time President of the Alliance of Southern German Breeding Associations)
- Rheinisches Pferdestammbuch (President Theo Leuchten, at the same time Vice-President of the Hannoveraner Verband)
- Sprinpfzerdezuchtverband Oldenburg International [OS] (Vice-President Gerd Sosath)
- Verband der Züchter des Holsteiner Pferdes [HOLST] (Vice-President Timm Peters)
- Verband der Züchter und Freunde des Pferdes Trakehner Abstammung [TRAK] (President Dr. Norbert Camp)

All other German WBFSH Member Studbooks support the decision of the FN-Board of Directors to propose Dr. Norbert Camp as WBFSH Vice-President for the Department External Cooperation.

Dr. Norbert Camp, born in 1955, is an active breeder and rider, with a doctorate in agricultural scientific. He was working for more than 30 years for an international pharmaceutical company and has many years of experience in strategic and operative developments on international level. Politically he was for many years Vice-President of the Federal Association of Pharmaceutical Manufactures (Bundesverband der Arzneimittelhersteller) and Vice-President of the Animal Health Industry (Tierarzneimittelhersteller). On national and international level he has great experience in association work.

On behalf of all German WBFSH Member Associations the German Equestrian Federation (FN) asks the WBFSH General Assembly to elect Dr. Norbert Camp as successor of Dr. Thomas Nissen for the position WBFSH Vice-President External Cooperation for the next three years.
Kind regards,

Klaus Miesner
