Appendix

(i) 2.1 Retention of Membership

To retain membership horse studbooks must continue to meet the criteria for acceptance as members. Any significant change in the circumstances of a Member relevant to these criteria must be notified without undue delay to WBFSH. In addition, Member Studbooks must complete and return a WBFSH Member Annual Report form which confirms, inter alia, that it continues to meet these criteria.

(ii) 1. 1. Acceptance as members

To be accepted into Membership horse studbooks must meet the following criteria:

- I. Have a major objective to breed horses for at least one of the Olympic disciplines of show jumping, dressage and eventing. Such horses would generally be of a 'warmblood' type.
- II. Be a horse studbook that is a studbook of members and controlled by these members in a democratic fashion.
- III. Be a legal entity that operates according to the general standards expected of reputable horse studbooks.
- IV. Be recognised as a horse studbook by the relevant authority in the country in which it is based. In the European Union the horse studbook must be recognised under the relevant European Union legislation by the relevant Competent Authority in the Member State and proof of such recognition must be provided.
- V. Be of sufficient size to be viable and operate an effective horse identification, registration and breed improvement programme. As a general guide the horse studbook should be registering at least 100 foals annually. However, in exceptional circumstances, less than 100 foals could be acceptable.
- VI. In the case where the studbook caters for horses originating from another horse studbook the relationship between the studbooks must be clearly stated and agreed.
